Flutter Developer | Naihati, West Bengal, India | prosenjitswarnakar2002@gmail.com | +917439572661

EXPERIENCE

ARISU APP SOLUTIONS | MOBILE APP (FLUTTER) DEVELOPER

Feb 2026 -- Present | arisuappsolutions.com

- Build and ship cross-platform Flutter/Dart apps for client and internal projects, using GetX and Supabase.
- Built the native audio engine for a live iOS/Android hearing-aid app: real-time multiband compression with independent left/right-ear gain, volume and mute (Java, Swift).
- Built AttendEase, an internal attendance app with geofencing, leave management and an admin panel.

HACK4BENGAL | PR AND OUTREACH LEAD

- Eastern India's largest hackathon: onboarded 25 sponsors and 45 community partners and supported 85 events in its first season.

PROJECTS

SPLITEASY

Expense-splitting app (Android, iOS, Web) | Flutter, GetX, Supabase

- Trip and group expenses with equal, unequal and percentage splits, balance tracking and debt simplification.
- Repository/service architecture with GetX; Supabase (PostgreSQL) backend secured with Row Level Security.
- Responsive Material 3 UI that adapts across phone, tablet and desktop browser.

FACELIVE

Face liveness and Face ID app | Flutter, GetX, ML Kit, TFLite

- Reference app for the `flutter_face_liveness` package: blink, head-turn and smile challenges with best-frontal face capture.
- On-device Face ID with switchable ML Kit, YOLOv8 and SCRFD detectors, plus anti-spoof and video-replay detection.
- Custom Quick Scan and Live Monitor flows built on `LivenessController`.

SKILLS

MOBILE & BACKEND

Flutter SDK • GetX • Responsive UI • Supabase • PostgreSQL • Firebase • REST APIs • Meta Graph API • Android & iOS Native

PROGRAMMING

Dart • Java • Kotlin • Swift • Python • C • SQL

TOOLS

Git • Android Studio • Google Cloud Platform • ML Kit • TFLite

ACHIEVEMENTS

- [Auth0 and MongoDB track winner @ Status Code 0 hackathon by IIIT Kalyani](#)
- [HackSquad: Winner 2023 \(36-hour hackathon\); top 60 of 300 teams in 2022](#)
- [Completed 100 Days of Code by CodeIn Community](#)
- [Version Control with Git, Atlassian University](#)

COMMUNITY WORK

OPEN CODEYARD | CO-FOUNDER & ORGANIZER

Open source GitHub organization sharing free solutions from Kolkata's local developer community.
